

**To All Retirees,
The New Jersey State Retired Police and Firemen's
Association is proud to announce its endorsement of Vincent
Siracusa Jr. for the position of Trustee on the Pension Board.**

Vince retired after serving more than 20 years with the Upper Saddle River Police Department. He brings a wealth of diverse experience across both the public and private sectors, having managed complex financial accounts and health-related programs.

Vince's extensive background in public leadership uniquely qualifies him to advocate for our members:

- **Pequannock Township Council Member:** This role gives him the crucial perspective needed to counter state opposition to our Cost-of-Living Adjustment (COLA). He has the expertise to combat the state's flawed logic, directly voice our concerns, and tackle long-standing problems rather than pushing them down the road.
- **Former Vice President of the Pequannock Board of Education:** In this position, he successfully navigated the exact type of budget, COLA, and healthcare challenges that our retired members face today.
- **Board Member of the New Jersey Veterans Network:** Vince has been instrumental in building programs that support veterans. This is a vital asset, as many of our retired police officers and firefighters are veterans who deserve the utmost care and respect.
- **Colonel in the New Jersey National Guard:** Having served honorably in Iraq, Afghanistan, Kosovo, and Cuba, Vince rose to the rank of Colonel—a testament to his exceptional leadership, discipline, and proven ability to execute critical missions.

Throughout this campaign, Vince has demonstrated an unmatched energy and a relentless drive to succeed. We need a trustee who truly wants this job and is ready to fight for our benefits. For all of these reasons, we enthusiastically endorse Vince Siracusa Jr. for Pension Board Trustee.
